

Lumnia

Lighting the way
in fly control

Rentokil

Rentokil

Protecting your customers, environment and reputation.

By prioritising your approach to fly control, you can avoid the risk of:

- ▶ Food contamination
- ▶ Disease transmission
- ▶ Damage to your reputation

Optimised for attraction and catch rate with a versatile modern design, Lumnia offers a truly effective solution to monitor and control flying insects.

Protecting your business and the welfare of your customers and employees.

Lumnia provides an average of 61% in energy savings over three years when compared to equivalent competitors*.

Developed with proven innovative LED technology, each unit is designed to attract, kill and encapsulate insect pests hygienically, eliminating the risk of contamination.

Units feature purpose-built modes to monitor and control the surrounding environment, meeting requirements for effective fly control.

Lumnia units are proven to be best-in-class in efficacy and performance with half-life metrics tested against traditional competitor units.

Why Rentokil?

Rentokil is the global leader in pest control, bringing expert, reliable and professional service to commercial and residential customers in over 60 countries worldwide.
